SUPPORT THE ANTI-DISCRIMINATION ORDINANCE!

As you know, an anti-discrimination ordinance is being proposed to city Council by the city's Human Relations Commission, and a group has formed to support the ordinance. The ordinance will make it unlawful to discriminate against gay people in employment, housing, and public accommodations. We're asking everyone to help the effort in the following ways:

Educate yourself about the ordinance, tell everyone you know about it, and stay plugged into the community's information channels so that we can keep everyone informed.

Actively participate in the campaign to enact the ordinance by calling Robin Miller at 634-0997 or John Miller at 637-9632.

Register to vote. This is very important; who the winners are in the city Council election on April 2 may determine whether the council will pass the ordinance. If you aren't registered in El Paso County, you must do so by March 8 in order to vote in the election. You can register at the County Clerks office in Centennial Hall (200 South Cascade), the Motor Vehicle Dept. office at the East Library Information Center (5550 N. Union),the Motor Vehicle Dept. officeat the Fountain Valley Shopping Center in Security (5520 South Highway 85/87). You may register if you have lived here for 32 days, and you don't need proof of your address. All the offices are open from 8:30 to 4:30. If you are registered in the county but have moved since you registered, you must file a change of address at the County Clerk's office. You may do so as late as election day itself. Call the Election Dept. at 5206225 for more information.

Let us know if you have been discriminated against, or have been the victim of violence, in Colorado Springs because you are gay. We need to document (anonymosly, of course) that discrimination and violence do occur.

Get a letter of support or endorsement of the ordinance from the business you own or work for. We can supply sample forms. We are particularly interested in statements from the city's largest private employers: Digital, Penrose/St. Francis, Hewlett-Parkard, Current, Memorial Hospital, the Broadmoor, King Soopers, Ampex, Schlage Lock, Western Forge, Texas Instruments, US West, Atmel, Ford Aerospace, and Safeway. City Council has made it clear that they want assurance that the business that the business community supports the ordinance.

Attend the monthly meetings of the Human Relations Commission (second Thursday at 3:45 P.M.; 545 East Pikes Peak Ave.) and the City Council's bimonthly meetings (second and fourth Tuesday at 9:30 A.M.; City Administration Building at 30 South Nevada Ave.) in order to establish a presence.

TASK FORCE TO MEET HERE

The Colorado Gay and Lesbian Task Force will hold its February steering committee meeting in Colorado Springs. The meeting will be at 11 A.M. on Sunday, February 10, in room 213 at Colorado College's Worner Center, which is at the corner of Cascade and Cache LaPoudre Streets. The mission of the Task Force is to advance the cause of lesbian and gay freedom throughout the state, principally through legislative channels. In the past, the Task Force has held legislative coffees and lobbying days at the state capitol, helped enact the state anonymous HIV testing law, and participated in the successful campaign for the Denver anti-discrimination ordinance protecting gay people. Each year

the Task Force also sponsors a two-day congress at which lesbian and gay activities hone their political skills. Come attend the meeting and learn more about the Task Force and the political changes that are taking place around the state that benefit gay women and men.

NOTICE NOTICE NOTICE NOTICE

THE PIKES PEAK GAY/LESBIAN COMMUNITY CENTER WILL BE MOVING THE DATE OF THIS MONTHS MEETING TO FEBRUARY 26th, 1991. THE MEETING WILL BE HELDED AT KD's PLACE, (on the corner of Vermijo and Cascade). THE CENTER MEETINGS WILL RETURN TO THE THIRD TUESDAY OF EACH MONTH STARTING IN MARCH. THE BOARD OF THE CENTER APOLOGIZES FOR THE LATE NOTICE OF THIS CHANGE.

FROM THE PRESIDENT

Happy Valentine's Day! As we enter our second month of this year, I'm thinking of all the activities the community has scheduled this year. The Board of the Center put on their annual Valentine's Ball on February 9TH. On February 19Th, their will be a pro - con debate at City Hall at 6:30P.M. on the issue of the anti-discrimination law for the state of Colorado. Many Denver people will be down and we are sure that our city Council will be their to see the turn out from Colorado Springs. Do to the fact that we have a anti-discrimination law going before the Council real soon. The Board of the Center and I, would like to encourage everyone to please attend this meeting. We need as many people there as possible. This bill could change our way of living in our great city. You will not have to identify yourself, or even speak before the panel. All we really need is for your body to be counted as a person in support for this cause.

March will be the kick off for the 1991 P.L.W.A. Benefit year! On March 23rd, Barb Granniss has put together a show at True Colors for the benefit. This show will only host Denver talent. Persons she has asked to come to our city to help us with our cause. Barb wanted me to let you know that along with alot of other great intertainers, the Denver Cloggers will be performing at this benefit.

Thanks for your time!

A WORD OF THANKS:

I wish to thank Members and Friends of Pikes Peak MCC, and the Gay and Lesbian community, and its organizations, for the many beautiful sympathy cards, phone calls, and prayers which were shared with me during my Mother's hospitalization and upon her death on January 14th. Thank you, also, for the monetary gifts which helped make possible my several plane trips to Grand Rapids, Michigan, and also the beautiful plant presented at the worship service on January 20th by the congregation. Your kindness will always be remembered with fondness.

SPEAKER AT COLORADO COLLEGE

Beverly Barbo, author of "The Walking Wounded" will be speaking at Colorado College, friday February 15TH, at 8:00 P.M. Gaylord Hall, Warner Center. Free admission.

Beverly's son was gay and died of AIDS. She now speaks to audiences on gay life styles and gears her speeches toward a straight audience.

FUNDAMENTALISTS TARGET WALDENBOOKS

The fundamentalists American Family Assocation is loudly protesting the fact that some Waldenbooks stores dare to sell books about lesbians and gays. The self-appointed "Christian" watchdogs label all such books as "Gay Pornography." Their attack is especially disturbing since for many years we have been lobbying chains such as Waldenbooks to carry more gay and lesbian fiction and nonfiction titles. It's vital that we counter the AFA's mailing (aimed at K-Mart, which owns Waldenbooks) with letters asking that more gay-themed books and magazines be carried. Write Joseph Antonini, Chairman, K-Mart Corp. 3100 West Big Beaver Road, Troy , MI 48084, or call 1-800-635-6278.

Fundraiser-activist Randy Klose elected Co-chair by Human Rights Campaign Fund Board.

Randy Klose, a long-time activist and funraiser in the lesbian and gay community, was elected co-chair of the Human Rights Campaign Fund Board of Pennsylvania. Klose, who resides in Washington, D.C. and Los Angeles, California, has been a member of the Campaign Fund board for the past 3½ years.

Klose was among those arrested in front of the White House during a 1987 civil disobedience calling attention to the failure of Reagan Administration to address the AIDS crisis. Since that time, he has raised hundreds of thousands of dollars for lesbian and gay rights and AIDS organizations and has continued to work as an activist.

As a person with AIDS, Klose has taken a particular interest in the Campaign Fund's work on AIDS research, education and care legislation. In 1988, he provided the funding for the public relations and lobbying campaign that helped to pass S. 1220, the Kennedy AIDS Research Bill, the first federal AIDS education and research legislation. He was responsible for the hiring of the noted Washington lobbying firm of Wexler/Reynolds to lobby members of Congress for the Campaign Fund's position on AIDS funding.

"The Campaign Fund has been a key player in the battle for lesbian and gay rights and for increased AIDS funding," Klose noted. "We need to continue building on the strong foundations that the organization has established. The coming years will be critically important for all of us," he said.

P.L.W.A.

The P.L.W.A. Benefit Committee is hard at work. They have scheduled benefit shows for

up-coming fundraisers, which are: The Exit Lounge April 27Th, True Colors May 4TH, The Hide and Seek May 11Th, and the Springs Motor Inn May 18Th. On May 4Th, they will be sponsoring a "Walk For Life" at Memorial Park from 12:00 Noon to 4 P.M.

If you are interested in helping with this committee please contact eitner Barb Granniss or David Eidson through the Helpline (471-4429). The committee meets on the third Tuesday of each month, at 6:15 P.M. at KD's Place on the corner of Cascade and Vermijo. Please come out and show your support for our family and freinds who benefit from this fund.

WILL PRESIDENT SIGN IMIGRATION BILL?

The National Gay and Lesbian Task Force has urged President Bush to sign into law landmark legislation which removes immigration exclusions for lesbians, gay men, and people with AIDS.

Since the 1950's the Immigration and Naturalization Service has held that individuals "afflicted with psychopathic personality, or sexual deviation" are ineligible to enter the U.S. Although the American Psychological Association and other groups removed homosexuality from a list of mental disorders over fifteen years ago, the INS continues to deny vias to lesbians and gay men.

The Family Unity and Employment Opportunity Act, passed by Congress on October 27, removes the McCarthy-era immigration restrictions on lesbians and gay men. The bill also effectively erases the AIDS immigration restrictions created by Sen. Jesse Helms in the previous Congress, and empowers the Department of Health and Human Services to delete AIDS and HIV from the list of restricted diseases.

"When President Bush signs this momentous legislation," said Rochelle, "the United States will break from the ranks of Cuba and South Africa, and join the free world in rejecting senseless discrimination against people with AIDS, lesbians and gay men in immigration policy."

JUDGE RULE TEXAS STATE SODOMY LAW UNCONSTITUTIONAL

Austin, Texas - An 1879 law against homosexual sodomy is unconstitutional, a state judge has ruled.

"It's great, really exciting. This is a very important day for us," said Nell Hahn, attorney for Texas Human Rights Foundation, which helped file the suit challenging the law.

District Judge Paul Davis announced the ruling after a hearing on December 11th, 1990 and said a written opinion explaining the decision would be issued January 2nd.

A spokesman for the state attorney general's office said no decision has been made on an appeal.

Gay men and women from Austin, Houston and Dallas challenged the law that makes it a class C misdemeanor, punishable by a $200 fine, for consenting adults of the same sex to have "deviant sexual intercourse."

The plaintiffs asserted that the law violates Texas constitutional guarantees of privacy, equal protection and due process, as well as the state Equal Rights Amendment.

WOMEN AND AIDS / FACT SHEET

AIDS is caused by a virus known as HIV or Human Immunodeficiency Virus. If you are

exposed to the virus it lives in your blood and eventually attacks your immune system and you may get many different infections and illnesses that your immune system can not fight off.

How do women get AIDS?

*by having unprotected sex (no condoms or latex protection) with a person who has the virus.

*by sharing needles or works with a person who has the virus.

*by receiving blood or blood products that have the virus (this risk is very, very, low today because all blood is tested).

How do I know if I've been exposed to HIV?

Examine your risk factors closely. Consider past relationships, drug use, and unsafe sex in thinking about your risk of HIV infection. The only way to know for sure is to request an HIV antibody test. Don't wait for symptoms to develop - many people are infected for years before they develop symptoms.

Worth remembering...

The number of women infected with HIV continues to increase in the United States.

Half of the babies born to infected mothers are also infected.

Through testing you can find out if you have the virus. Counseling will teach you how to prevent its spread.

New drugs can slow down the damage to your immune system.

As with many other diseases, early treatment is the key to long-term survival.

For more information call S-CAP at 578-9092.

PARENTS AND FRIENDS OF LESBIANS AND GAYS CHOOSE LUTHERAN PASTOR TO HEAD FEDERATION

Paulette Goodman, President of the international Federation of Parents and Friends of Lesbians and Gays, Inc. (P-FLAG) today (January 18,1991) publicly announced the selection of Philadelphia Lutheran pastor Thomas H. Sauerman as the Federation's first Executive Director.

Selected from a field of 65 candidates, Sauerman previously served for two years as chief financial officer and assistant to the president of Lutheran Management Services, a Philadelphia organization which operates 26 housing projects for PWAs, children, and elderly, ill, disabled, or mentally retarded persons. Between 1969 and 1988, he was Director of Education and Urban Strategy for the Lutheran Church in America, the denomination's national office.

Sauerman was formally introduced to Federation chapter representatives in mid-October as the organization's first chief executive officer. He received a standing ovation from the 400 delegates gathered for P-FLAG's ninth annual convention in Anaheim, CA - home of homophobic congressmen William Dannemeyer (R-CA) and Robert Dornan (R-CA), and right wing religious fundamentalist Lou Sheldon. "The name Parents FLAG should become as well known as the Red Cross or the Girl Scouts," Sauerman told the convention. "Impossible? Not by my way of thinking."

NATIONAL COMING OUT DAY OCTOBER 11, 1991 !

Mobilization against AIDS seeks to expand size and scope of 1991 international AIDS Candlelight Memorial.

Mobilization Against AIDS is actively seeking cities and towns around the world that will participate in the eight annual International AIDS Candlelight Memorial, which will occur on Sunday, May 19, 1991. Last May saw over 200 cities in 31 countries take part in AIDS Candlelight Memorials, which consist of locally organized public ceremonies honoring people lost to AIDS and demonstrating solidarity with all those infected with the HIV virus.

Mobilization Against AIDS, the Califoria-based AIDS lobby group that serves as the coordinating agency for the International Memorials, is also announcing the launch of its "First Families Campaign." Mobilization is asking leaders around the world to follow the example of President Bush and First Lady Barbara Bush, who during last year's AIDS Memorial placed lit candles in the windows of the White House. "In far too many places, AIDS is a taboo subject," said Paul Boneberg, Executive Director of Mobilization Against AIDS. "To have a people's leader publicly acknowledge the AIDS crisis through the symbolic act of placing a lit candle in the windows of his or her official residence will serve as a major victory in the fight to make AIDS a subject of public discussion and debate. Experience has shown that AIDS-related discrimination can only be fought when the topic is confronted head on. The first Families Campaign will do just that."

DISCRIMINATION BY DELTA

Dear Editor:

I worked for Delta Airlines for 19 years and last March I was fired because I am gay, because I am disabled, and because I resisted and reported a sexual assault by a member of Delta management.

I was a ramp worker and reservation agent for Delta in Atlanta for 14 years before moving to Washington, D.C., to be with my lover. Soon after I went to work in the Delta Reservations Office in Rockville, MD, I fell at work and did permanent damage to the nerves in my right hand. Since that injury, Delta and its worker's compensation insurer, Wausau, have spied on me and my lover, spread lies about me to my neighbors, my landlord, and my former co-workers, and persistently interfered with my receiving medical treatment that I needed. And they have harassed and possibly blackmailed my doctors.

While I was being treated by Dr. David Cunman in Washington for my hand injury, I learned that he had received a phone call from a woman who claimed to be a reporter for the Washington Blade, a local gay paper. According to this woman, I had nominated Dr. Cunman for the Blade's "Doctor of the year" award and she was calling to find out if it was okay for someone from the Blade to come to his office to interview him for a story in a gay paper. Of course I had made no such award. But soon after this incident Dr. Cunman declared me healed and refused to treat me any further, citing Wausau's constant interference with his treatment of me, its refusal to pay for many of the treatments he recommended, and because of this "homosexual thing."

In addition, I was instructed by Wausau to see Dr. Brian Schulman for medicaal examination of my hand only to discover, after the examination began, that Schulman was not a neurosurgeon but a psychiatrist. He asked me if I was gay, if I had a lover, if we had been tested for AIDS. He asked where my lover worked (at that time he worked for Senator Paul Simon of Illinois), how much money he made, and other extremely personal questions about my parents, my brothers and sisters, and their personal lives. And he specifically asked me about the sexual assault committed upon me while I worked in Atlanta.

After I had completely lost the use of my right hand, arm and shoulder and had been declared 75% functionally disabled by the Maryland Workers Compensation Commission, Delta transferred me to a job in Atlanta - unloading and sorting bags of mail. In transferring me from Montgomery County, Maryland, to Atlanta, Delta moved me from a jurisdiction that prohibits discrimination on the basis of sexual orientation to one that does not.

Throughout all of this, I have repeatedly written to the Chairman of the Board of Delta, to the president of the company, and to the head of the Personnel Department. But every time I got one thing straightened out with my medical treatment or with my receiving the benefits that I was entitled to, someone from Delta or Wausau would come up with some new lie or fraud to make my life impossible again.

Delta is relying on its old trick of hiding behind its insurance company's skirts while shafting an employee, the way it hid behind its insurance company when it got sued by the family of a gay man who was killed in the Delta crash in Dallas. You will recall the insurer in that case informed the family of the deceased that, if they sued for more than the insurance company would bring out in court that the man was gay and that as a gay man he was more likely to get AIDS and there - fore his life was worthless. This is how Delta lets its henchmen treat its gay passengers and gay employees. Delta's ads say that they love to fly and it shows. But the truth is that they love to LIE and it shows. And I have the names, dates and documents to prove it and I have convinced the Georgia insurance Commissioner's Office to investigate my case.

I would like to hear from other Delta employees who have information about cases similar to mine so I can pass it along to persons who support laws that would make Delta and Wausau pay for the way they have treated me and other gay men and lesbians. In the mean time, anyone interested in finding out what Delta has to say for itself in all of this can write:

Ron Allen
Chairman of the Board of Delta Airlines
Delta Airlines, Inc.
Hartsfield International Airport
Atlanta, Ga. 30320
or call him at (404) 765-2581.

And one more thing you can do, if you think it is wrong for a company to treat a disabled employee this way and if you object to an airline to intimidate its workers because of their sexuality, then don't fly Delta.

COLORADO SPRINGS ANTI - DISCRIMINATION ORDINANCE

An anti - discrimination ordinance protecting gay and lesbian people is being proposed in Colorado Springs. We need your help! Here are the basic facts:

What the ordinance does: It prohibits discrimination in employment, housing, and public accommodations on the basis of sexual orientation or other specified grounds (race, color, religion, creed, national origin, ethnicity, age, sex, marital status and disability).

Where the ordinance stands politically: The city's Human Relations Commission will be proposing the ordinance to City Council. The commission is a group of 15 citizen volunteers appointed by city Council to advise it with regard to human relations matters. The ordinance as originally drafted by the commission did not cover sexual orientation, but as a result of our efforts the commission amended the ordinance to prohibit discrimination on the basis of sexual orientation and thereby protect lesbian and gay people. The ordinance will not be formally submitted to City Council by the commission until after the April 2 election, in which six of the nine City Council seats will be contested.

What the ordinance does not do: It does not address the question of the lesbian and gay family. Therefore, employers are not required to provide benefits to members of the gay or lesbian family of an employee. The ordinance also does not apply to employees of governmental bodies other than the city; therefore, it does not apply to public school employees, or county, state, or federal employees.

What gay and lesbian people are doing: A group has organized to secure the enactment of this ordinance. We have achieved our first major goal - the amendment of the ordinance to include sexual orientation. We are working on involving all lesbian and gay people in this effort and on building a broad coalition - gay and straight alike - in support of the ordinance.
